

## YOUNG PRACTITIONERS MASTER CLASS AT WCCI 2014 „MANAGEMENT OF A PATIENT WITH STEMI”

**9<sup>TH</sup> April 2014**

**LOCATION:** Intercontinental Hotel, 49 E. Plater St., Warsaw, Poland

**ROOM:** Rubinstein/Chopin (3<sup>d</sup> floor)

**LANGUAGE :** English

### **Target attendees:**

Interventionists aiming at undertaking complex procedures in their daily practice

### **Course directors:**

Jean Marco, Adam Witkowski.

### **Course trainers/facilitators:**

Jacek Legutko (Course Co-Director, Senior Advisor), Davide Capodanno, Jerzy Pregowski.

### **Learning objectives:**

At the end of the PCR Seminar the participants will:

- understand the current knowledge and the optimal management strategy for each patient presenting with ST-segment-elevation myocardial infarction
- learn about the optimal treatment strategy considering the individual clinical situation, differences in infrastructure and the best available evidence.

### **The program will include:**

- Interactive discussions using ”Live in-a- box<sup>®</sup> cases” and videos of complex cases
- Use of a specific interactive tool for a very dynamic learning process
- Debates and different views between participants and experts
- Step by step reasoning approach.

# PROGRAM AT A GLANCE

9<sup>TH</sup> April 2014

**What? Why? How?**  
*Davide Capodanno, Jerzy Pregowski*

**8:15-10:00** **A patient presenting with STEMI**  
*Jacek Legutko, Davide Capodanno, Jerzy Pregowski*

**First phone contact**

- Key information
- Pre-hospital treatments (platelet inhibitors, anticoagulants)

**Hospital admission**

- Door-to-balloon
- Global patient appraisal

**Angiogram**

**Specific situations**

- Post fibrinolysis
- Shock
- Right ventricular infarction

**10:00-10:15** BREAK

**10:15-12:00** *Jacek Legutko, Davide Capodanno, Jerzy Pregowski*

**Primary PCI is decided**

- Pharmacological treatment
- Strategy planning
- Material selection
- PCI procedure
- Thrombus aspiration

**Post-PCI procedure**

- In hospital
- At discharge

**12:00-13:00** LUNCH

**13:00-16:00** **How to prevent and manage the most frequent complications?**

*Jacek Legutko, Davide Capodanno, Jerzy Pregowski*

**Part 1: Case based discussions**

- Thrombotic
- Bleeding
- Side access

**Part 2:**

- Dissection
- Perforation
- No reflow
- Complications with aspiration devices

**16:00-16:30** BREAK

**16:30-17:30** **Part 3: Complication cases from the participants**

**17:30-18:30** **Synthesis / Lecture**

*Davide Capodanno*
